To whom it may concern

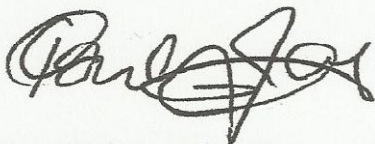

I confirm that Total Computer Networks Limited have been working alongside MW Integrated Systems Ltd for 2 years on a number of projects. We have found them to be knowledgeable and professional with regards to all projects we have approached them with.

These projects include CCTV installation and configuration, data cabling, electrical and audio visual installations to both our customers and our own premises.

We have found MWIS Ltd easy to work with thanks to their helpful manner and efficiency in achieving the desired outcome in any situation.

We are happy to provide further information if required.

Yours faithfully

Total Computer Networks
